

Welcome

Towards a reliable production of macroalgae and updated methods on *Palmaria Palmata* and *Ulva*

Webinar 3rd of February 2022
ALGET 2 - Quality Algae from Sea to Consumer

Few practical points

Please stay muted and camera off during the presentations.

There will be time for questions and discussion after each presentation.

If you have questions, please write them in the chat box and we will read the questions after each presentation.

The webinar is being recorded. The recorded ALGET 2 parallel session and presentations will be distributed at our ALGET Digital Knowledge Bank.

ALGET 2 webinar programme:

Welcome and introduction to ALGET 2

Turi-Britt Kuepers, Projectmanager ALGET 2, Norges Vel

Updated cultivation methods for *Palmaria Palmata* – new insights towards a reliable production.

Mette Møller Nielsen and Peter Søndergaard Schmedes. National Institute of Aquatic Resources, DTU

Large scale cultivation of *Ulva* - about Scandinavian biodiversity and off-shore biomass production.

Dr. Sophie Steinhagen. University of Gothenburg, Department of Marine Sciences

ALGET 2 Guidelines for wild growing and cultivated seaweed in the North Atlantic region.

Turi-Britt Kuepers. Project manager ALGET 2, Norges Vel

Thank you and closure

ALGET 2 –ALGAE ENTREPRENEURS

Project group 2019-2021

Project owner: Norges Vel

Project manager: Turi-Britt Kuepers

Steering committee

Thora Valsdóttir, Matís

Agnes Mols Mortensen, TARI-Faroe Seaweed

11 SMEs

Faroe island: 3

Iceland: 4

Norway: 4

Funding

NORA and National Norwegian county authorities

Møre og Romsdal
fylkeskommune

Vestland
fylkeskommune

ALGET 2 –Quality from Sea to Consumer

Objectives and expected results:

- Strengthened network
- Increased knowledge
 - Sustainable and quality harvesting
 - Processing and product development
 - Marked demand within food- and cosmetic/skin care
- Common Guidelines / standards
- Establishment of Digital Knowledge Bank
